

Sustainable Stonesfield

A group of Stonesfield residents are very concerned about expansion of the village on this scale. They met in January 2017 and agreed that there is a need for full details to be made available to every household and a way for villagers to make their views known. A working party, Chair Richard Morris, Jim Astle, Caroline Friend, Jon Gordon, Alan Kendall, David Lines, Philippa Lowe and Graham Rutson developed a leaflet and questionnaire which was delivered to every household in early February.

There are articles in Slate and a range of background documents have been developed to provide an overview of the position. We have added new information and details of our progress in the weeks and months ahead and look forward to receiving your views.

If you would like to receive regular updates by e-mail or join the group to help protect our village, please contact us on
